The American Brain Coalition, Society for Neuroscience, and American Academy of Neurology

In cooperation with the

Congressional Neuroscience Caucus

Invoke you to a Congressional Neuroscience Caucus Briefing

The Effects of Sleep, and Lack Thereof, on the Brain!

Tuesday, September 17, 2019
12:00–1:30 PM
Capitol Visitors Center – North – CVC 268

Join us at a Congressional Neuroscience Caucus Briefing highlighting the cutting-edge neuroscience research and projects that are being made possible by the Department of Defense (DoD). It will feature sleep research being done at Washington State University and Walter Reed Army Institute of Research.

Speakers
Hans Van Dongen, PhD
Director, Sleep and Performance Research Center, Washington State University

Tracy Jill Doty, PhD - INVITED
Sleep Research Center Chief, Behavioral Biology Branch, Center for Military Psychiatry and Neuroscience, Walter Reed Army Institute of Research

Box lunches will be served.

We hope that you will be able to join us for this informative and timely briefing. This widely-attended event complies with all appropriate regulations. Please RSVP to https://forms.gle/U3FSw5fsYHWwMAVU8 or 202-484-1100.
