Dear

Please consider this an official invitation to attend Neuroscience 2021, the 50th Annual Meeting of the Society for Neuroscience (SfN), being held November 13 – 16, 2021, in Chicago, IL.

SfN is a nonprofit membership organization of more than 37,000 basic scientists and physicians who study the brain and nervous system. The Society's primary goal is to promote the exchange of information among researchers. For this purpose, SfN holds a prestigious annual meeting, attended by scientists and researchers from around the globe. It is considered the most important annual forum for the global neuroscience research community, offering attendees the opportunity to learn about the latest advances in brain research and to meet and network with their colleagues from top institutions around the world.

The Society cannot provide any financial support for your travel, registration fees, or local expenses. We hope to see you in Chicago and look forward to your participation at this year's annual meeting.

Sincerely,

A handwritten signature in black ink that reads 'Paula Kara'.

Paula Kara, CMP
Senior Director, Meeting Services
